**What's up w/ your W 68th St Block Association ?**

West 68th Street is the first brownstone block as one enters the Upper West Side. Buildings began to be built here in the 1890's. Stoops are a quintessential part of brownstones so come **STOOP SCHMOOZE !**

Your block association is one of the oldest on the upper west side, started in 1971, to fundraise for street lights and a community garden. Beautifying our street, monitoring security, caring about excessive and disruptive development, seeking a new supermarket and working with elected officials and community leaders are all items on today's plate as we together maintain our community.
